Training in Pune by SevenMentor provides a solid foundation in networking principles and prepares learners for Cisco's encyclopedically admired CCNA instrument.

From configuring routers and switches to enforcing network security and robotization tools, this course is drafted to transfigure newcomers into confident professionals. Whether you're starting your career or leveling up your IT chops, our course gives you the moxie and credentials to land top- league networking jobs in leading IT companies.

🎓 What You'll Learn in **[CCNA Class in Pune](#)**

✔️ Network Fundamentals OSI & TCP/ IP model IP addressing & subnetting Types of networks(LAN, WAN, WLAN)

✔️ Routing & Switching Configuration of routers and switches Routing protocols RIP, OSPF, EIGRP VLANs, trunking,inter-VLAN routing

✔️ WAN Technologies PPP, VPN, Frame Relay Secure remote point connectivity WAN protocols and topologies

✔️ Network Security ACLs, SSH, HTTPS, firewall configuration Device hardening and intrusion forestallment

✔️ IP Services & robotization DHCP, DNS, NAT, NTP configuration Network robotization and SDN basics

✔️ Troubleshooting & conservation Ping, Traceroute, Router Logs Conflict discovery & resolution Performance optimization strategies 🛠️ Tools & Chops You'll Learn(as per your attached images)

PuTTY Software Cisco Packet Tracer & GNS3 Wireshark Sniffing Tool Cisco Routers & Switches LAN Cards, WIC Cards, Console Cables RACK Setup,

Releasing Tool, Connectors, lines NM Modules, WiFi Router, LAN Tester This hands- on training equips you with practical chops that are applicable in

real- world network setups.

💥 Why Choose SevenMentor's CCNA Course in Pune?

SevenMentor is not just a training institute—it's a launchpad for successful IT careers. Here's what makes us the top choice:

✅ Improving Careers with Industry-Ready Skills We focus on skills that align with the latest market needs—making you job-ready from day one.

✅ Live Projects & GitHub Project Implementation Work on real-world scenarios with version control using GitHub to demonstrate your capabilities to recruiters. ✅ Placement Support & Drives We conduct regular placement drives and offer unlimited interview calls until you're placed. ✅ 1:1 Mentorship & Fast Doubt Solving Personalized guidance, fastest 1-on-1 doubt support via chat, voice, or call—whenever you need.

✅ Class Recordings for Missed Sessions Never miss a topic—get access to full recordings for every lecture.

✅ 1-Year Free Repeat Option Revise anytime within a year without paying again—ideal for thorough exam preparation.

✅ Resume Building & Job Portal Training Professional resume assistance and hands-on job portal optimization to help you stand out.

✅ Workshops with Industry Experts Interact with senior network engineers and IT experts through regular webinars and sessions.

✅ Latest Technologies & Real-World Topics Curriculum aligned with the latest market demands including cloud, security, and automation trends.

✅ AWS Cloud Project Exposure Learn how networking integrates with AWS cloud environments—an in-demand skill in today's IT world.

✅ Capstone Projects & Live Quizzes Put your skills to the test with challenging, hands-on project work and regular assessments.

✅ Flexible Learning Options Attend Online, Classroom, or Hybrid sessions as per your convenience—without compromising on quality.

✅ EMI & Affordable Pricing Flexible EMI options make our world-class training accessible to all.
✅ Adaptive LMS Access Lifetime access to Learning Management System (LMS) with modules, tests, and revision material.

✅ Flexible Batches Weekday, weekend, and fast-track options available—so learning fits into your life, not the other way around.

✅ Bonus Resources & Interview Mock Sessions Extra material for deep learning and full mock interviews for confidence-building before placement rounds.

✅ 5/5 Rating for 99% Doubt Resolution Our students rate us top marks for the support, structure, and satisfaction we deliver throughout the course.

📚 What You'll Learn in Our **CCNA Classes in Pune**

Our curriculum is extensive and structured into foundational, core networking, and advanced Cisco configurations:

🖥️ Computer Hardware Fundamentals

📚 What You'll Learn in Our CCNA Classes in Pune

Our curriculum is extensive and structured into foundational, core networking, and advanced Cisco configurations:

🖥️ Computer Hardware Fundamentals

- Power Supply Types (UPS, Inverter, Stabilizer)

- RAM, SSD, HDD, Cache, ROM, Virtual Memory

- CPU, GPU, I/O Ports (USB, HDMI, PCI, SATA)

- Printer Types & Functions

- Devices: Laptop, Desktop, Server

- BIOS & Booting Troubleshooting

🖧 Operating System & Server Concepts

- Client vs Server OS

- Disk & Partition Management

- File Systems (NTFS vs FAT)

- Domain & Active Directory

- Device Drivers & Troubleshooting

🌐 Networking Basics

- Network Types: LAN, WAN, WLAN, PAN

- IEEE, TIA, IANA Protocols

- Network Media (TP, Fiber, Coaxial)

- Network Devices: Router, Switch, Firewall, Proxy

- IP Addressing: IPv4, IPv6, MAC, Subnetting, VLSM

- DNS, DHCP, ARP, NAT Configuration

🔁 Routing & Switching

- Static & Dynamic Routing (RIP, EIGRP, OSPF)

- VLANs, Trunking, Inter-VLAN Routing

- Access Control Lists (ACL)

- **[CCNA Training In Pune](#)**

- NAT (Static, Dynamic, PAT)

🌐 WAN Technologies

- VPNs, MPLS, Leased Lines

- Site-to-Site & Remote Access VPN

- Frame Relay, SD-WAN, ISDN, L2TP

🔐 Network Security

- Firewall Setup, HTTPS, SSH

- Threat Prevention & Device Hardening

⚙️ Network Automation & Cloud

- YAML, JSON, XML Basics

- SDN, SD-Access, AWS Cloud Integrations

_____

💼 Hands-On Tools You Will Master

As part of our CCNA Course in Pune, you get access to:

- Cisco Routers & Switches

- PuTTY Software & Console Cables

- Cisco Packet Tracer & GNS3

- Wireshark Sniffing Tool

- LAN Cards, WIC Cards, NM Modules

- Crimping Tools, Connectors, LAN Tester

- Wi-Fi Routers, RACK Setup, Network Simulator Tools

These tools ensure that you gain industry-relevant practical experience that hiring companies value.

🏅 Career Opportunities After CCNA Certification

With CCNA credentials, you open doors to highly demanded roles such as:

- Network Engineer

- System Administrator

- IT Support Engineer

- Infrastructure Specialist

- Cisco Certified Technician

Our dedicated placement support ensures you receive:

- Unlimited interview calls

- Resume & LinkedIn optimization

- Soft-skill grooming & mock interviews

_____

📦 Course Modes Available

🔷 Classroom Training (Pune - Shivajinagar, Hadapsar, Chinchwad)

- In-person mentorship, physical devices, and lab access

🔷 Online Training (Pan-India & Global Access)

- Live classes, interactive sessions, doubt-solving

◆ Corporate Batches

• Custom modules, on-site trainer visits, post-training reports

_____

🔥 Unique Features That Set SevenMentor Apart

• Industry-Certified Trainers
