WHO WE ARE

Trusted Medical Travel, Built on One Promise

When a family faces a serious diagnosis and needs the best treatment possible, often abroad in an unfamiliar country navigating foreign hospitals and paperwork. Fear and confusion are the default. HOSPIDIO exists to replace that fear with clarity, and that confusion with a confident plan.

Founded in India, we are a team of healthcare professionals, patient advocates, and travel specialists who understand that medical tourism isn't about tourism. It's about getting someone the care they urgently need, without added burden.

Unlike large directories or automated platforms, every HOSPIDIO patient is assigned two dedicated specialists: a **Patient Consultant** who guides your clinical journey, and a **Patient Care Manager** who handles every logistical and on-ground detail. Two specialists, one seamless experience.

Your **Patient Consultant** doesn't operate from a script. They know your name, your diagnosis, your family's situation, and they remain your clinical guide long after you return home.

Our services are completely **free for patients**. Hospitals recognise the value we bring, and compensate us directly, meaning your treatment cost does not increase by working with us

The HOSPIDIO Difference

- ✔ Zero cost to you. Hospitals pay our fee, not patients
- ✔ Patient Consultant + Patient Care Manager assigned from Day 1
- ✔ Treatment options across India, UAE, Turkey & Beyond
- ✔ No advance payment required for treatment
- ✔ Complimentary airport pick-up and drop
- ✔ Follow-up care continues after you return home
- ✔ Medicine delivery overseas via verified partners
- ✔ In-house medical counsellor, physiotherapist & dietary expert

ABOUT HOSPIDIO

Our Mission

To make world-class healthcare accessible, affordable, and deeply personal for every international patient, regardless of where in the world they are or what they are facing. We do this by pairing human expertise with genuine care, ensuring that no patient ever feels alone in their treatment journey.

Our Vision

A world where outstanding treatment is never limited by geography, language, or financial barriers. We aspire to be the most trusted medical travel partner for families across West & East Africa, Pacific Islands, Europe and beyond, seeking care in India, UAE, Turkey, and Thailand.

"HOSPIDIO was built out of a very simple realisation: the hardest part of getting treated abroad isn't finding a good hospital. It's the fear of the unknown. The paperwork, the language, the logistics, the 3am panic when you don't know who to call. We built HOSPIDIO so that every patient has two people they can always count on: a Patient Consultant who truly understands their case, and a Patient Care Manager who makes everything happen on the ground. That is who we are, and that is the standard we hold ourselves to, every single day."

Guneet Bhatia, Founder & Strategic Lead, HOSPIDIO

HOW WE WORK

Everything Handled. You Just Focus on Getting Better.

We help reduce the uncertainty, delays, and coordination challenges of getting treatment abroad.

WHY PATIENTS CHOOSE US

Why Families Trust HOSPIDIO

We are not a directory. We are not a booking platform. We are a team of people who take personal responsibility for your treatment journey, and stay with you until you are well.

No Hidden Costs

Everything is quoted before you travel. Your Patient Consultant provides a full breakdown of treatment, accommodation, transfers, and medicines, so there are no surprises on arrival.

Two Specialists, One Journey

You are not passed between departments. Your Patient Consultant and Patient Care Manager work together from day one, so you never have to repeat yourself to a new contact.

Hospitals We Trust Ourselves

Every hospital we work with is carefully vetted: JCI, NABH, and accredited centres only. We recommend nothing we wouldn't choose for our own families.

Care That Follows You Home

Our relationship doesn't end at discharge. Your Patient Consultant monitors recovery remotely, arranges follow-up video consultations, and coordinates medicine delivery back to your home country.

WHERE WE WORK

World-Class Healthcare, in Four Exceptional Destinations

We have carefully selected our destination countries based on the quality of healthcare infrastructure, cost-effectiveness, and patient safety outcomes.

India

Our primary destination. Globally ranked specialists, JCI-accredited hospitals, and treatment costs 60–80% lower than Western markets. Oncology, cardiac, transplant, spine, and paediatric excellence.

United Arab Emirates

Dubai and Abu Dhabi offer ultra-modern facilities, internationally trained doctors, and a deeply patient-centric hospital culture. Ideal for those seeking premium care in a cosmopolitan setting.

Turkey

A global leader in cosmetic surgery, hair transplants, IVF, and dental care. World-renowned hospitals combine high standards with exceptional affordability, drawing patients from 100+ countries.

Thailand

Bangkok's internationally accredited hospitals are renowned for orthopaedics, cardiac care, oncology, and wellness treatments. World-class care delivered with exceptional hospitality at competitive costs.
