Occupational Health Reduces Workers' Comp Claims | ARCpoint Labs

How Occupational Health Programs Reduce Workers' Comp Claims Occupational health programs are often pitched on regulatory compliance: pre-placement physicals because DOT requires them, fit-for-duty exams because OSHA expects them, drug screening because the policy...

How Soon After Exposure You Can Test for STDs | ARCPoint Labs

How Soon After Exposure You Can Test for STDs Accurately If you think you might have been exposed to a sexually transmitted infection, the natural impulse is to get tested as soon as possible. That instinct is right, but the timing is more nuanced than most...

The representative was very friendly and courteous and even though I came at the very last minute she was excited to help me. She explained everything thoroughly. She was sure not to touch anything while I was testing not even the phone which made me know I didn't have to worry about a misread test of contamination. Amazing Experience.

The facility was extremely clean and well cared for and the staff was so helpful and kind! I wish I had a reason to go back!

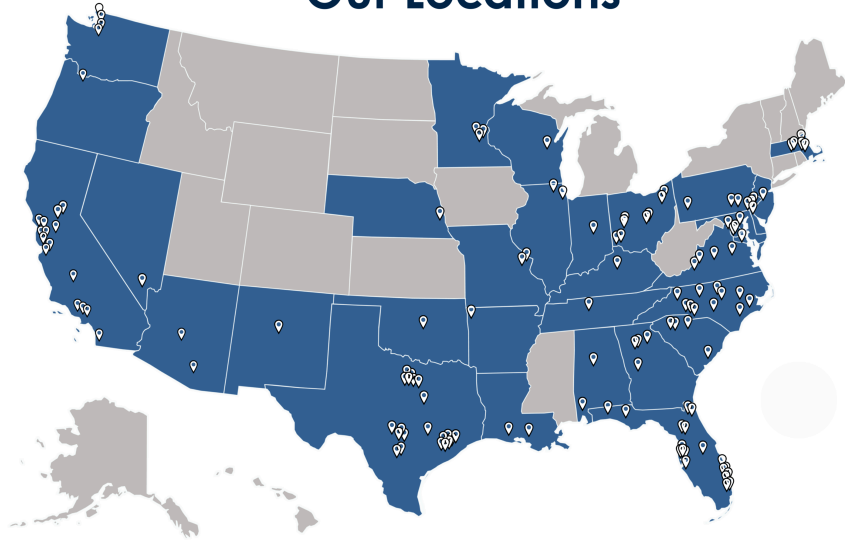

The team in this office is just fantastic. The warm welcome, sunny smiles, and the level of customer service are outstanding. They raise the bar of excellence.
